

## 25. Cats Rule and Dogs Drool

(Guy)

1 So I have this cat. He's really cool, too. He's like the dog  
2 version of a cat. He follows me everywhere and even waits  
3 at the door for me whenever I leave him. He's completely  
4 loyal to me. He won't even think about sleeping with anyone  
5 else in the house.

6 Apparently, though, a cat is not an acceptable pet for a  
7 guy. Especially not for a macho football player. Ever since  
8 the team found out I have a cat, they've been relentless.  
9 They'll shout things like, "They misses his kitty cat," or  
10 "They tackles like a girl. Maybe he needs a dog to rough him  
11 up." Like I'm not a man without a dog. It's completely  
12 ridiculous. My cat has more brains and personality than all  
13 of their stupid dogs combined. Half of them don't even see  
14 their dogs. They keep them caged up in a pen and only take  
15 them out for hunting. What kind of a pet is that? Why even  
16 have a dog if you're not going to hang out with it?

17 Tiger is like my best friend. He even talks to me. Not  
18 people talk, of course — I'm not crazy. But every morning  
19 he'll meow this little conversation with me, like he's really  
20 trying to tell me something. Show me a dog that does that!  
21 And he's a hunter, too. He's brought home more mice  
22 and moles — and even snakes — than any stupid dog has.  
23 Why is it that just because a cat is cute and fluffy it makes  
24 the owner less manly? We like girls, and *they're* all cute and  
25 cuddly! So I say what's wrong with being a cat lover? They  
26 can call me anything they want — I'm keeping my kitty cat!
